long term goal \rightarrow how TJ
will help.

Why would you like to study at AOS/AET/TJ

I would like to study at TJ because they teach us how to think like a critical thinker or like a scientist on every subject. Also when you don't know how to do something there is a teacher or a student to help you explain it. TJ will help me in the future like college cause we learn how to write essays and there is a teacher that will tell you what mistakes you made so next time you will not do the same mistake. TJ will make my future easy for me. That is all my reasons why i like to study at TJ

Why are we getting a movie remake of how to train a dragon? The original movie was 13 years ago. Why can't Disney make new movies? Disney has an idea that they remake famous Disney movies. mostly remake of the animated movie to action. Disney has been trying to make toy story in live action they are currently working on

Google five words with "hyper" root and write their meanings
Google five words with "hypo" root and write their meanings

Hyperactive more active ✓
Hyperbole not to be taking literally ✓
Hyperactive extremely active ✓
Hypertension high blood pressure ✓

8/10

Hypocritical behaving more
Hypothesis limited evidence
Hypotaxes taxes
Hypoblast former term for endoderm ✗
Hypostyle pillars ✓

MathcJuliene practiced her dance routine for twice as many minutes on Monday as she did on Tuesday. She practiced her routine those two days for a total of 2 hours and 15 minutes. For how many minutes did Juliene practice her dance routine on Monday? 90 because julienne practise twice as long on monday then tuesday so $x+2x=135$

$$\begin{aligned} 3x &= 135 \\ x &= 45 \\ \text{Monday} &= 90 \text{ mins} \end{aligned}$$
