Question 5:

^{school} According to the CDC, every American has more than 5 hours of freetime every day. I ^{have} live a ^{a busy} busy life doing stuff that I need to do but I also have lots of free time. I do many things in my free time but the most pleasurable thing I do is playing video games with my friends.

One reason why I like to play video games is because my friends give me a fun company. Normally whenever I hang out with my friends it's normally in school where learning is required which makes it not a fun time. Since I play one of the most popular games right now lots of my friends play it which means that we are all skilled. This makes it a lot easier to win a
