**A Journey Through the Seasons**

In the heart of spring, flowers bloom with grace,

Petals of every color, adorning the green space.

The sun shines brightly, giving a warm embrace,

Birds chirp melodies, setting a cheerful pace.

Summer arrives with a burst of heat,

Children laughing, playing in the street.

Ice cream trucks with treats oh-so-sweet,

Days are long, and life feels complete.

Leaves change colors as autumn takes hold,

A tapestry of red, orange, and gold. Pumpkins and apples, stories of old,

The air turns crisp, and the breeze is bold.

Winter whispers in with a blanket of snow,

Covering the world in a soft, white glow.

Hot cocoa by the fire, a gentle flow,

Snowflakes dance, putting on a show.

Each season has its own unique song,

A rhythm of life, where we all belong.

Embracing the changes, both short and long,

In the dance of the seasons, we are strong.

Now, let's test your knowledge with some multiple-choice questions:

1. What happens in the heart of spring?

A) Leaves fall

B) Snow melts

C) Flowers bloom

D) Ice cream trucks appear

2. What are the birds doing in spring?
