

Grade:3

Category: Measurement- lengths

Sub Category: Convert between centimeters and millimeters (decimals)

Worksheet #: 146Q

Convert the following:

1. Convert 5 centimeters to millimeters.

6. Convert 60 millimeters to centimeters.

2. Convert 15 millimeters to centimeters.

7. Convert 20 centimeters to millimeters.

3. Convert 8 centimeters to millimeters.

8. Convert 95 millimeters to centimeters.

4. Convert 45 millimeters to centimeters.

9. Convert 30 centimeters to millimeters.

5. Convert 12 centimeters to millimeters.

10. Convert 75 millimeters to centimeters.

Grade:3

Category: Measurement- lengths

Sub Category: Convert between centimeters and millimeters (decimals)

Worksheet #: 146A

1. Convert 5 centimeters to millimeters.

Answer: 5 centimeters = 50 millimeters

2. Convert 15 millimeters to centimeters.

Answer: 15 millimeters = 1.5 centimeters

3. Convert 8 centimeters to millimeters.

Answer: 8 centimeters = 80 millimeters

4. Convert 45 millimeters to centimeters.

Answer: 45 millimeters = 4.5 centimeters

5. Convert 12 centimeters to millimeters.

Answer: 12 centimeters = 120 millimeters

6. Convert 60 millimeters to centimeters.

Answer: 60 millimeters = 6 centimeters

7. Convert 20 centimeters to millimeters.

Answer: 20 centimeters = 200 millimeters

8. Convert 95 millimeters to centimeters.

Answer: 95 millimeters = 9.5 centimeters

9. Convert 30 centimeters to millimeters.

Answer: 30 centimeters = 300 millimeters

10. Convert 75 millimeters to centimeters.

Answer: 75 millimeters = 7.5 centimeters
