

Reading Passage: The Magical Forest Adventure (Fiction 1)

Once upon a time, in a magical forest, there lived a little bunny named Bella. Bella had big, fluffy ears and a tiny pink nose. She loved to explore the forest and make new friends. One sunny morning, Bella decided to go on an adventure to find the legendary Rainbow Flower.

Bella hopped through the forest, greeting all her friends along the way. She saw Charlie the chipmunk, who was gathering acorns, and Lucy the ladybug, who was resting on a leaf. Bella asked them if they had seen the Rainbow Flower, but they hadn't.

As Bella continued her journey, she came across a sparkling stream. By the stream, she met Freddy the frog. "Have you seen the Rainbow Flower?" Bella asked Freddy. Freddy pointed across the stream and said, "I think it's on the other side of the stream, near the big oak tree."

Excited, Bella carefully crossed the stream and hopped towards the big oak tree. There, under the shade of the tree, Bella found the most beautiful flower she had ever seen. The Rainbow Flower had petals of every color: red, orange, yellow, green, blue, and purple. Bella was thrilled!

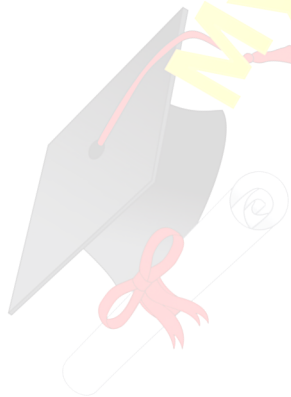

Bella gently picked the flower and decided to take it back to show her friends. When she returned, all her friends gathered around to see the magical Rainbow Flower. They were amazed and cheered for Bella's bravery and determination.

From that day on, Bella and her friends enjoyed playing near the big oak tree, where the Rainbow Flower grew. They knew their forest was filled with magic and wonderful adventures waiting to be discovered.
