

Reading Passage: Timmy's Space Adventure (Science Fiction 2)

Timmy was a curious little boy who loved looking at the stars. One night, as he was staring at the sky, he saw a bright light coming closer and closer. To his amazement, a small spaceship landed in his backyard! The door opened, and out came a friendly alien named Zog.

"Hello, Timmy! Would you like to go on a space adventure?" asked Zog. Timmy was very excited and quickly said yes. Zog gave Timmy a shiny spacesuit and they both climbed into the spaceship.

The spaceship zoomed up into the sky. Timmy watched as Earth became smaller and smaller. They flew past the moon and saw many twinkling stars. Soon, they landed on a colorful planet called Zogland. The ground was soft and bouncy, and the sky was filled with rainbow-colored clouds.

Timmy and Zog explored the planet. They met funny creatures that looked like bouncing balls with eyes. These creatures were called Bouncies. The Bouncies were very friendly and loved to play games. Timmy played hopscotch and tag with them.

After playing, Zog took Timmy to see the Magic Tree. This tree was very tall and had glowing fruits hanging from its branches. Zog picked one of the glowing fruits and gave it to Timmy. "This fruit will give you special powers," said Zog. Timmy took a bite and felt a warm, tingly sensation. Suddenly, he could jump very high and run very fast!

It was time to go back home. Timmy said goodbye to Zog and the Bouncies. The spaceship flew back to Earth and landed in Timmy's backyard. Timmy waved as the spaceship zoomed away.

That night, Timmy went to bed with a big smile on his face. He knew he would never forget his amazing space adventure.
