

## Reading Passage: My Day at the Farm(Autobiography 1)

Hello! My name is Emily. I live on a farm with my family. We have many animals like cows, chickens, and pigs. I love helping my mom and dad take care of them.

Every morning, I wake up early to feed the chickens. They cluck and peck at their food happily. Then, I help gather their eggs. The eggs are warm and smooth.

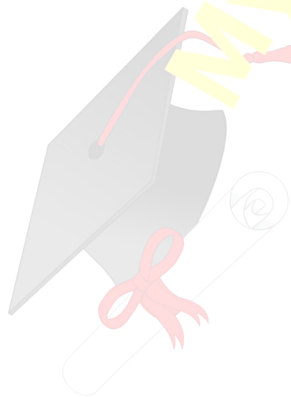

After that, I help feed the cows. They moo loudly and love to eat hay. I like to pet their soft noses. Next, we visit the pigs. They snort and wiggle their curly tails. I help give them fresh water and food.

Sometimes, I help pick vegetables in our garden. We grow carrots, tomatoes, and corn. It's fun to dig in the dirt and find big, orange carrots!

In the afternoon, I play with our dog, Max. He chases balls and loves to run around the farm with me. Max is my best friend.

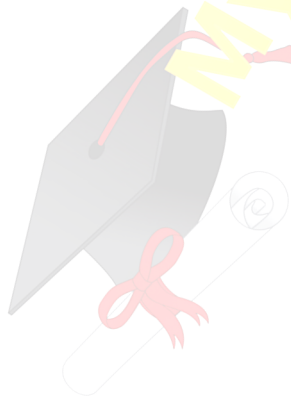

At night, we sit around a big table and eat dinner together. We have fresh vegetables from our garden and milk from our cows. It's yummy!

Living on a farm is so much fun. I get to learn about animals and plants every day. I love helping my family and being outside in nature.

## Multiple Choice Questions
