Reading History
"The Journey of the Titanic"

Long ago, in the year 1912, a grand and luxurious ship set sail on its maiden voyage. It was called the RMS Titanic, and it was said to be the most magnificent ship ever built. People from all over the world were excited to travel on this incredible vessel.

The Titanic was enormous, with many floors filled with elegant rooms, dining halls, and even a grand staircase. It had everything one could dream of on a ship, including restaurants, libraries, and even a swimming pool.

On April 10, 1912, the Titanic began its journey from Southampton, England, and made stops in Cherbourg, France, and Queenstown, Ireland, to pick up more passengers. There were people from different countries on board, each with their own stories and dreams.

However, tragedy struck on the night of April 14, 1912, when the Titanic hit an iceberg in the icy waters of the North Atlantic Ocean. The impact caused the ship to start sinking. It was a dark and terrifying night for everyone on board.
