Essay:

good really strong Most of you probably have paper kitchen towels at home. But I think there are some reasons why you should switch to reusable cloth towels. Reusable cloth towels are better than paper towels because they are sustainable and better for the environment. Other people may argue and say paper towels are better because you don't have to wash them.

Reusable cloth towels are better than paper towels because they are sustainable. When you use paper towels, you can only really use them one time. When paper towels run out, you will have to keep buying new ones which may be expensive. You will never come across this problem when using cloth towels, because they will last for long periods of time.
