Incorrect Question #	Why is my answer incorrect			Why is this the correct answer		
12	I mixed up the words reflection & refraction			because refraction is when light bends and if you see an object through water light bends		
39	I did not understand what they were asking for			It can't be a or b since it has no spine and doesn't look like it can give birth and in the pic it doesn't look like it lives in water
