Incorrect Question #	Why is my answer incorrect			Why is this the correct answer		
2	It's incorrect because it's talking about water and coal is talking about fire.			G is correct because shellfish relate to water.		
5	It's incorrect because I didn't know what dependent and independent variables are.			After learning what independent and dependent variable mean. The answer is Type of soil.		
6	It's incorrect because North and North poles don't go together.			J is correct because South and South poles don't connect they repel from each other.		
11	cytoplasm is incorrect because I didn't know what they mean.			D is correct because a cell membrane is what is guarding the cell.		
12	I put Renewable energy because it's energy that can be renewed.			H is correct because kinetic energy is energy that is moving.		
14	I put protect the bedrock because the soil on top of the bedrock doesn't protect it.			G is correct because the top layer gives plants nutrients.		
22	A is not correct because it's not rotating it's revolving.			J is correct because earth is revolving on its axis.

Incorrect Question #	Why is my answer incorrect			Why is this the correct answer		
25	Sedimentary rock is Limestone, shale... but it doesn't come from cooling magma.			B is correct because igneous rock forms in Volcano's.		
26	I put Time between tides because I thought when the tides are moving the			It is correct because the picture is showing which way the currents are moving		
30	I put a mirror on the bus because that is transparent not translucent.			J is correct because translucent is you can see some things clearly.		
36	I put + Solar energy because Solar energy is Sun energy we don't use			J is correct because you start the engine and you are using electrical energy.		
38	F is incorrect because the frog is not using its neck to breathe.			H is correct because it's using its neck to breathe.		
39	I put a because I thought the dots were hairs.			C is correct because it has one long tail.		
40	The pistil is incorrect because it's the middle of the flower.			J is correct the stamen produces pollen.		

Ocean currents are stopping.

that for an eagle to run.
