

# **Reading Passage: A Day at the Amusement Park (Travel Itinerary 3)**

Today, we are going to have an exciting day at the amusement park! Let's follow our travel itinerary to make sure we enjoy all the rides and attractions.

First, we pack our bags. We need hats, sunscreen, water bottles, and snacks. Mom reminds us to bring our tickets and some money for souvenirs.

Next, we drove to the amusement park. The ride is fun, and we play games in the car. When we arrive, we get our tickets checked and a map of the park. Dad helps us plan our route so we can enjoy all the rides.

Our first stop is the carousel. We pick our favorite animals to ride on. The carousel goes around and around, and we wave at Mom and Dad each time we pass by.

After the carousel, we head to the roller coaster. It's a big one! Dad rides with me, and we scream as we zoom up and down the tracks. It's so thrilling!

Next, we visit the Ferris wheel. From the top, we can see the entire park. The view is amazing, and we take lots of pictures.

Then, we went to the bumper cars. We each get our own car and drive around, bumping into each other. It's so much fun and makes us laugh a lot.

For lunch, we found a picnic area and ate the snacks we brought. We have sandwiches, fruit, and cookies. It's nice to take a break and relax.

After lunch, we visited the funhouse. There are mirrors that make us look funny, and we walk through a maze. It's very entertaining!

Our last stop is the water ride. We sit in a big boat and splash down a watery hill. We get wet, but it's refreshing on a hot day.

At the end of the day, we buy some souvenirs from the gift shop. I chose a toy roller coaster to remember our fun day at the amusement park. We drove back home, feeling happy and excited about all the rides we enjoyed.
