Grade: 2    Q Category: Fractions    Q Sub Category: Parts of a set or group    Worksheet #: 218Q

Circle the Answer

Which fraction of the group are red?

$\frac{8}{13}$        $\frac{7}{12}$        $\frac{6}{13}$   
 —      —      —

Which fraction of the group are yellow?

$\frac{6}{12}$        $\frac{8}{13}$        $\frac{7}{13}$   
 —      —      —

Which fraction of the group are red?

$\frac{8}{16}$        $\frac{7}{14}$        $\frac{6}{16}$   
 —      —      —

Which fraction of the group are blue?

$\frac{6}{14}$        $\frac{8}{16}$        $\frac{4}{16}$   
 —      —      —

Which fraction of the group are light blue?

$\frac{2}{7}$        $\frac{3}{8}$        $\frac{5}{7}$   
 —      —      —

Which fraction of the group are dark blue?

$\frac{2}{8}$        $\frac{5}{7}$        $\frac{2}{7}$   
 —      —      —
