Incorrect Question #	Why is my answer incorrect			Why is this the correct answer		
4	I mis took the minus sign for the plus sign. It was a silly mistake			The answer is F because $22 - 8 = 14$		
20	This type of questions always have me stumped. I don't understand them.			I have to twist the image in my brain a bit. The answer is F.		
28	I didn't know what box-and-whisker plots are			Upper quartile means higher. so I could have guessed H.		
23	I didn't realize what sides meant what.			I thought it had to be right + on the top. It could actually be in the middle too. Answer is C.		
47	I got confused between independent and dependent variable. I picked dependent variable.			I chose the dependent variable instead of the independent variable which is A.
