"The Galactic Adventure: The Time Warp Incident"

Once upon a time, in a distant galaxy, there was a spaceship called the Star Voyager. It was a sleek and shiny vessel, known for its incredible speed and advanced technology. Captain Maya and her trusty crew were on a mission to explore the mysteries of the universe.

One day, as the Star Voyager was cruising through the cosmos, it encountered something unexpected. A swirling vortex of energy appeared right in front of the ship, pulling it into a time warp. Suddenly, they found themselves in a different era of space and time.

The crew was astonished as they looked out the windows of the spaceship. They saw colossal dinosaurs roaming on a prehistoric planet. Captain Maya quickly realized that they had traveled back in time to the age of dinosaurs.

As they observed the dinosaurs from the safety of their spaceship, the crew noticed something peculiar. There was a baby dinosaur stuck in a tar pit, struggling to escape. Captain Maya knew they had to help, but they had to be careful not to disrupt the past.
