

Reading Passage: Making Pizza with Dad (Cooking Itinerary 3)

Today, I'm making pizza with my dad! We are going to make a delicious homemade pizza. I can't wait to get started!

First, we wash our hands to make sure they are clean. Dad says that clean hands are very important when cooking.

Next, we gather all the ingredients. We need pizza dough, tomato sauce, cheese, and our favorite toppings. Dad helps me roll out the dough into a big, round shape. It's fun to use the rolling pin!

We spread the tomato sauce on the dough with a spoon. I try to make it nice and even. Then, we sprinkle a lot of cheese on top. I love cheese, so I put on extra!

Now, it's time to add our toppings. We have pepperoni, mushrooms, bell peppers, and olives. I carefully place each topping on the pizza. Dad says I'm doing a great job!

We preheat the oven to make it hot enough to bake the pizza. Dad puts the pizza in the oven because it's hot, and we need to be careful. We set the timer and wait for the pizza to bake.

While we wait, Dad and I clean up the kitchen. We wash the bowls and spoons and wipe the counters. Keeping the kitchen clean is important.

Soon, the kitchen smells amazing. The timer goes off, and Dad takes the pizza out of the oven. It looks so yummy! We let it cool for a few minutes before slicing it.

Finally, it's time to eat. The pizza is cheesy and delicious. Making pizza with Dad is so much fun, and I can't wait to do it again!
