Incorrect Question #	Why is my answer incorrect			Why is this the correct answer		
17	I wasn't sure between 2 answer choices, so I guessed			B because she's relieved her classmates liked her idea		
33	I thought it was D because I wasn't sure what the right answer was			C because they most likely have another day for it		
39	I wasn't sure between 2 answer choices, so I guessed			B because it says shoes have an impact on landfills		
42	I didn't know the answer since it didn't mention anything about why they don't want metal cleats			J since metal parts aren't used to create sport surfaces

Incorrect Question #	Why is my answer incorrect			Why is this the correct answer		
4	I put $2x-1$ instead of $2x+1$			$2, 2x+1, x-1$		
9	I forgot to bring down the variable			C because it's supposed to be a fraction		
30	I guessed since I didn't understand the question			C because it would make the perimeter greater than 48		
39	I only put relationship S as a direct variation			B because both relationships are a direct variation		
41	I didn't calculate it right			C because it's -176		
43	I didn't solve it right			D because it's a relationship for all the points		
49	I guessed because I didn't know how to do it			B since it's the right standard deviation
