

Grade: 4 Category: Measurements Subcategory: Metric units of length Worksheet #: 104Q

- 1. Length of a bathtub is measured in?
- A) centimeters (cm)
- B) meters (m)
- C) kilometers (km)
- 2. Length of a pencil is measured in?
- A) millimeters (mm)
- B) meters (m)
- C) decimeters (dm)
- 3. Length of a soccer field is measured in?
- A) meters (m)
- B) centimeters (cm)
- C) kilometers (km)
- 4. Length of a standard classroom desk is measured in?
- A) centimeters (cm)
- B) decimeters (dm)
- C) meters (m)

- 5. Length of a city block is measured in?
 - A) decimeters (dm)
 - B) kilometers (km)
 - C) meters (m)
- 6. Length of a bookshelf is measured in?
 - A) meters (m)
 - B) millimeters (mm)
 - C) centimeters (cm)
- 7. Length of a pen is measured in?
- A) decimeters (dm)
- B) meters (m)
- C) millimeters (mm)
- 8. Length of a swimming pool is measured in?
 - A) centimeters (cm)
 - B) meters (m)
 - C) kilometers (km)

Grade: 4 Category: Measurements Subcategory: Metric units of length Worksheet #: 104A

- 1. Length of a bathtub is measured in?
 - A) centimeters (cm)
 - B) meters (m)
 - C) kilometers (km)

Answer: B) meters (m)

- 2. Length of a pencil is measured in?
- A) millimeters (mm)
- B) meters (m)
- C) decimeters (dm)

Answer: A) millimeters (mm)

- 3. Length of a soccer field is measured in?
- A) meters (m)
- B) centimeters (cm)
- C) kilometers (km)

Answer: C) kilometers (km)

- 4. Length of a standard classroom desk is measured in?
 - A) centimeters (cm)
 - B) decimeters (dm)
 - C) meters (m)

Answer: A) centimeters (cm)

- 5. Length of a city block is measured in?
- A) decimeters (dm)
- B) kilometers (km)
- C) meters (m)

Answer: B) kilometers (km)

- 6. Length of a bookshelf is measured in?
 - A) meters (m)
 - B) millimeters (mm)
 - C) centimeters (cm)

Answer: A) meters (m)

- 7. Length of a pen is measured in?
 - A) decimeters (dm)
 - B) meters (m)
 - C) millimeters (mm)

Answer: C) millimeters (mm)

- 8. Length of a swimming pool is measured in?
 - A) centimeters (cm)
 - B) meters (m)
 - C) kilometers (km)

Answer: B) meters (m)
