Grade: 5   **Category:** Algebra   **Sub Category: Writing Algebraic Expressions**   **Worksheet #:** 202 Q

Write an expression using the given information

Five multiplied by h	_____	p increased by 3	_____
Six Divided by z	_____	s added to 4	_____
Two added to x	_____	Twice a number v	_____
One half of y	_____	The product of v and 2, added by 4	_____
Two thirds of z	_____	One fourth of x	_____
The quotient of 5 and m	_____	twice a number, c, plus 3	_____
3 divided by a	_____	Fourteen minus k	_____
1 diminished by b	_____	Five less than the square of c	_____
4 added to n	_____	Thrice a number a minus 8	_____
p added to 9	_____	17 diminished by f	_____
5 minus a	_____	3 plus c	_____

\

Grade: 5   **Category:** Algebra   **Sub Category: Writing Algebraic Expressions**   **Worksheet #:** 202 A

Write an expression using the given information

Five multiplied by h	5h	p increased by 3	p + 3
Six Divided by z	6/z	s added to 4	s + 4
Two added to x	x + 2	Twice a number v	2v
One half of y	½ y	The product of v and 2, added by 4	2v + 4
Two thirds of z	⅔ z	One fourth of x	¼ x
The quotient of 5 and m	5 / m	twice a number, c, plus 3	2c + 3
3 divided by a	3/a	Fourteen minus k	14 - k
1 diminished by b	1 - b	Five less than the square of c	c^2 - 5
4 added to n	n + 4	Thrice a number a minus 8	3a - 8
p added to 9	9 + p	17 diminished by f	17 - f
5 minus a	5 - a	3 plus c	3 + c
