Incorrect Question #	Why is my answer incorrect	Why is this the correct answer
#8	I added all the numbers instead. I did 4+4+1 but it was wrong.	4+4-1 is 7, but I added 1 instead
#11	I wrote the total of the numbers instead of the difference.	I was supposed to find the difference between the apples, but I found the total instead.
#20	I used diameter for the formula instead of the radius.	I put diameter for two choices but it was radius. correct answer is J
#21	I did 6×6 instead of 6×4.	I messed up my math, because I did 6^2, but its asking what 6×4 is.
#45	I rounded down instead of up.	My answer was C, but it is B, since I rounded down instead of up. 18 is closer to 19 than 16
